

Per Green Area Water & Sanitary Authority Water Service Ordinance #2000-3-1, customers are responsible for all water consumption on the customer side of the water meter. As such, consumption charges for water leaks that originate on the customer side of the water meter are the responsibility of the customer.

However, to provide assistance and promote goodwill, the Authority may consider crediting a water utility customer's account per policy noted in Ordinance #2000-3-1 (rental tenants not eligible for credit). For credit consideration, the water customer account holder **must complete Section 1 below**:

#### MINUTES OF THE GREEN AREA WATER & SANITARY AUTHORITY BOARD OF DIRECTORS MEETING January 12, 2023

Board Secretary Steve Lusch called the regular Board meeting to order at 5:00pm.

BOARD DIRECTORS PRESENT: Steve Lusch, Secretary Carolyn White Brenda Kingry, Treasurer

ABSENT: Tom Fullbright Tracey Parker, Chair

GAWSA STAFF PRESENT: David Campos, General Manager Alan Paulson, Operations Manager Shannon Miller, Collection System Supervisor Dan Radford, Water Distribution Supervisor

ALSO PRESENT: Chris Sherlock, City of Winston Wastewater Treatment Plant Superintendent

Board member Brenda Kingry made a motion to approve the December Board meeting minutes and accounts payable. Director Carolyn White seconded the motion. The motion carried unanimously.

David Campos presented the General Manager's report. David stated that a holiday luncheon was held for GAWSA staff, in conjunction with the monthly staff safety meeting. The staff members were appreciative of their holiday cash gift.

David presented a 12-month lease renewal for the GAWSA pastureland on Holgate Street, currently leased to Cody Sandberg. Director Kingry made a motion to approve the 12-month lease to Cody Sandberg. Director White seconded the motion. The motion passed unanimously.

David presented a draft of the Third Extension to Leachate Agreement No. 30000175, an agreement between GAWSA, the City of Winston, and Douglas County, to receive and treat leachate from the Douglas County Landfill. After brief discussion, Director Kingry made a motion to approve the third extension of the leachate agreement. Director White seconded the motion. The motion passed unanimously.

David presented Resolution No. 2023-01-01, a resolution declaring an emergency due to a sanitary sewer overflow. David stated that, after consulting with general counsel and also speaking with Winston City Manager Mark Bauer, it was determined that declaring an emergency was the best course of action to proceed with repairing the affected sewer pipe crossing Highway 42, along with the adjacent manhole. After a brief discussion, Director White made a motion to adopt Resolution 2023-01-01. Director Kingry seconded the motion. The adoption of the resolution passed unanimously.

#### MINUTES OF THE GREEN AREA WATER & SANITARY AUTHORITY BOARD OF DIRECTORS MEETING January 12, 2023

David then added that, in his conversation with Mark Bauer, they both agreed that GAWSA and the City of Winston should establish an Intergovernmental Agreement (IGA) for general shared services and equipment.

David informed the Board that he met with Guy Kennerly and Umpqua Insurance staff to discuss the upcoming property, liability, auto, and cyber insurance policy renewals. David stated that the overall premium increase will be approximately 5% for 2023, and health insurance premiums will also see an estimated increase of 5%.

David stated that the Special Districts Association of Oregon (SDAO) annual conference will be held February 9-11 in Sunriver. The February Board meeting is scheduled for February 9. David requested that the meeting either be moved to Wednesday, February 8, or to Thursday, February 16. David added that he anticipates Board Chair Tracey Parker will resume her attendance of meetings in February. The latter date would be more appropriate to accommodate Chair Parker's return, along with planned final oaths for Boards of Trustees for the dissolved districts. The consensus of the Board was to move the Board meeting to February 16.

Collections System Supervisor Shannon Miller presented the sanitary operations report. Shannon stated that the existing agreement with the City of Winston for the wastewater treatment plant operations will eventually need to be revisited, which would include establishing a new agreement under GAWSA. David added that it would be ideal to revisit the existing treatment plant agreement and also establish a general Intergovernmental agreement at the same time.

Operations Manager Alan Paulson delivered the water operations report. Alan informed the Board that we are expecting delivery of the mobile water purification system trailer very soon, and asked if we should issue a press release. The consensus was to issue a press release upon receiving the trailer, which was awarded to Roberts Creek Water/GAWSA as part of the Oregon Office of Emergency Management SPIRE Grant. Alan added that it would be a good idea to establish a general IGA with the Winston Dillard Water District should they experience a significant water event that would necessitate use of the trailer.

Director Lusch asked whether there was any news on the repair of the Vac-Con truck. Shannon stated that the truck has been sent to Webfoot International for repair, and we should hear more soon on the truck's status.

Wastewater Treatment Plant Superintendent Chris Sherlock presented his report. Chris stated that the WAS actuator has recently been installed. Chris added that digester #1 is up and going and #2 is still producing some gas. A boiler technician recently visited to troubleshoot.

Secretary Lusch called the meeting into executive session at 5:19pm in accordance with ORS 192.660(2)(i) for the purposes of performance evaluation of Authority Manager. Staff and visitors present were excused from the meeting, with the exception of the General Manager.

#### MINUTES OF THE GREEN AREA WATER & SANITARY AUTHORITY BOARD OF DIRECTORS MEETING January 12, 2023

Secretary Lusch closed the executive session at 5:39pm and reconvened the regular Board meeting. Director White made a motion to advance General Manager David Campos to Step 5 of the General

Manager salary scale, with retroactive pay to October 2022. Director Kingry seconded the motion. The motion passed unanimously.

For the good of the order, Director White discussed that she was not sure if she would be able to attend meetings in the near future due to potential changes at her employer. A discussion followed, and the consensus of the Board was that they would like Director White to remain on the Board and see how these develop.

There being no further business before the Board, Secretary Lusch made a motion to adjourn the meeting. Director White seconded the motion. Director Lusch adjourned the meeting at 5:51 pm.

Steve Lusch, Board Secretary

Tracey Parker, Board Chair

#### GREEN AREA WATER & SANITARY AUTHORITY GENERAL MANAGER'S REPORT February 16, 2023

#### Third Leachate Extension

The Winston City Council approved the leachate extension, and it has been sent to the County. I spoke to Chris about the cost-to-treat analysis, and he stated that the rate charged for leachate treatment (\$.02/gallon) is still appropriate based on the current costs.

#### **Board Room Update**

The Board Room was recently painted by Roseburg Precision Painting. We have received 3 quotes for Board room/kitchen area cabinetry, which are currently being reviewed. We are also awaiting design and lighting options from Camp Creek Electric.

#### **SDAO Annual Conference**

Steve Lusch and I attended the annual conference in Sunriver. I had some good "take-aways" from the conference.

#### 2023-2024 Budget Process

The Board will need to appoint a Budget Officer for the upcoming budget process. I have a tentative date of May 25<sup>th</sup> for the Budget Committee meeting.

#### Home Show March 3-5

GAWSA will have a booth at the main entrance of the conference hall. Staff will be operating the booth. We will be alongside RUSA and the DCUCC. Our booth will be well staffed so we may also provide support for the DCUCC booth as needed.

#### Water Treatment Plant Tours

We get complaints from customers about water taste and/or odor on occasion, and we see comments regarding the water on social media as well. One customer agreed to tour the water treatment facility after Jeremy addressed her complaint, so we thought of offering monthly water plant tours to the public. I also plan to reach out to the Green schools about plant tours for the students.

#### SANITARY OPERATIONS REPORT

#### February 9, 2023

#### **Construction Projects**

- Green Family Housing, 90 units, 4 buildings, ie Engineering.
  - Project still in final design and wetland approval process.
- Tatone Harmony Duplexes, line extension, ie Engineering.
  - Still out for DEQ design review, it looks like things are finally getting wrapped up.

#### **Collection System**

- Hwy 42 Emergency Crossing.
  - 12" HDPE 3 week availability.
  - HDPE Manhole scheduled for manufacturing February 13, 2023.
  - ODOT Permit in the works.
- Manhole inspections project moving to 'R' Basin.
- TV annual project starting up again.
  - 'R' Basin, flushing and CCTV underway.
  - Systech is working on an upgrade estimate for OS and hardware for the TV computer.
- VAC-CON truck is at Webfoot International in Medford for repair, scheduled for next week.
- STEP systems annual maintenance completed.
- Post-TV excavation list will start this month.
- Post-TV reports review and mapping update underway.
- Manhole rehab list underway for I&I.

#### G4 and Pump Stations

- GAWSA Pump Stations ran well, with typical operation and maintenance.
- Generator at G4 is up for annual service, scheduled for March.

#### Wastewater Treatment Plant and Properties

• Nothing new to report.

#### Meetings and Conferences

• I attended the DCUCC meeting this month.

#### Lateral Inspections

- 10 Inspections.
  - 2113 Austin, I&I roots and C/O.
  - o 123/125, 127/129, 131/133, 135/137 Liberty Ln, new installations.
  - o 141 Jensen Ct.

If you have any questions, feel free to contact me at 541-817-5100

Submitted by, Shannon L. Miller

# Green Area Water & Sanitary Authority Superintendents Report February 2023

The office staff recently took a tour of the water treatment facility.

The delivery date for the water purification trailer has still not been confirmed. They will send out a draft of the press release when they confirm the delivery date.

We have a couple of crew members attended a certification review class last week, as well as crew members that will be attending the OAWU conference in March.

We had a mainline break on Grant Smith Rd. that required the relocation of two water meters. I will explain the significance of this at the board meeting and give an outline of our long term solution to the issue.

We have started our annual "air release valve" maintenance this month. As soon as that is complete, we will commence our annual valve turning program. We will begin with our distribution system valves, then move onto the hydrant valves.

If you have any questions, please feel free to give me a call at 541-670-1215 Thanks Alan

#### WINSTON-GREEN REGIONAL WASTEWATER TREATMENT PLANT OPERATIONS January Weekly Report

#### January 6<sup>th</sup>

- Christensen Electric onsite installing de-ragger system for influent pumps
- Installed/ repaired wash water pump # 3
- Douglas County Hauled for 48 hours straight during the new years holiday
- Cole Industrial onsite to work on Boiler # 1
  - The problem is still not solved. We have a contacted Walker Process for additional information on 2 timers that were replaced
- Process adjustment made to Aeration Basin to handle additional flows
- Tore apart and cleaned influent bar screen

#### January 13

- Oil and filter change on genset # 2
- Replaced oil seal on Gravity Belt Thickener
- Cable of Flag Pole Broke
  - Flag pole taken down and cable replaced
- Storm Water Sample
- Oil Change in Polaris Ranger
- Acid washed flame arrestor on digester # 2
- Cleaned Influent Pumps
- Cleaned Wet well
  - Removed another board from the failed GAWSA line
- Worked on boiler
  - We now have it running in "Auto" so it will switch back and forth from digester and natural gas
- Began Annual Bio-Solids Report

#### January 20<sup>th</sup>

- Cleaned Wet Well
- Cleaned Influent Pumps 1, 2, and 3
- Worked on Bio-Solids Report
- Contacted lab in California for Class A bio-solids testing
- Digester # 2 is still producing gas, once it is done producing gas we will turn off the boiler heating it
- Weekend operator is on vacation, staff has been covering his weekend shifts
- Replaced U-Joint on influent pump # 2

#### January 27th

- Cleaned Wet Well
- Cleaned Influent Pumps 1, 2, and 3
- Worked on Bio-Solids Report
- Sent off bio-solids for class A testing
- Received order of Salt

#### WINSTON-GREEN REGIONAL WASTEWATER TREATMENT PLANT OPERATIONS January Weekly Report

- Received order of de-chlor chemical
- Repaired chlorine generation system side A
- Digester # 2 has stopped producing gas, the temperature will be turned up to 115F to destroy any anaerobic bacteria left in the system
